NUMBER 11

BIG CROWD AT COSTUME PARTY ON HALLOWEEN

Over Two Hundred Children Attend Enjoyable Function In The Scouts' Hall

The Ladies Auxiliary to the Boy Scouts can well be congratulated on the all round success attending their efforts to give the children of Kelowna a good time on Halloween night, as it would be hard to imagine a more pleasant gathering than that which took place last Tuesday evening.

Promptly at 7 p.m. children and their parents began to arrive at the Scouts' Hall and, in spite of the very disagreeable weather, the numbers kept increasing till more than 200 children in costume were having a good time and presenting a very pretty spectacle. Those who remember the gathering of a similar nature which took place last year were pleasantly surprised by the fact that more children were on hand on this occasion. The costumes worn also caused those present to marvel how it was possible that so few were duplicates, it being very noticeable that every imaginable kind of character was presented. Nor was that all, for it was very easy to see that great pains had been taken by parents that the costumes worn correctly represented the characters chosen. Under these circumstances the task of awarding the prizes offered by the Ladies Auxiliary was not an easy one by any means.

Apart from the ordinary amusement provided, there was an apple-bobbing competition, and a fish pond and fortune telling also proved very attractive to the children. After the prizes were awarded all children present were treated to refreshments, which proved a fitting wind up to a most enjoyable time. In fact, it was very evident that none of the young ones wanted to go home and that all would have willingly stayed all night, if allowed to do so. However, all good things must end some time and, as advertised, the grown-ups, also in costume, began to arrive at nine o'clock, bent on having a pleasant time too, so that no option was left to the juveniles in the matter.

After nine o'clock a dance was held, which was kept up till 1 a.m., and which was voted a most successful one from every point of view. The costumes worn were very varied and the dancers all enjoyed themselves thoroughly.

The judging of the costumes of the children was done by Mrs. E. C. Weddell, Mrs. Parkinson and Mr. E. C. Weddell, and the prizes were awarded as follows: Girl's best costume, "Miss Halloween," Miss Marion Williams; Boy's best costume, "Viking," Charles Harvey; Girl's best comic costume, "Caroline," Miss Evelyn McDonald; Boy's best comic costume, "Charlie Chaplin," Dennis Scott; Girl's best original costume, "Hawaiian Lady," Miss W. Treadgold; Boy's best original costume, "Cowpuncher," Jim Hughes. A prize was also given to the youngest child in costume, little Mary Pentecost, a little tot, who looked delightfully dressed up as a Red Cross Nurse.

The judges at the dance later on were Mrs. Mantle, Miss Pugh and Mrs. W. Lloyd-Jones, who made the following awards: Lady's best fancy costume, "Early Victorian," Miss Honey Parkinson; Gentleman's best fancy costume, "Arab," Mr. Safford; Lady's best comic costume, "Niggerwoman," Miss L. Hawes; Gentleman's best comic costume, "Lady," Mr. Russell Williams.

A great number of ladies helped to make these Halloween events a success and among others should be mentioned Mrs. Loane and Mrs. Poole, who did Trojan work in connection with the Refreshment Committee; Mrs. Arbuckle, who helped greatly to entertain the children, and Mrs. Alsager, who took charge of the Tea Committee, and who was assisted by Mrs. Dore, Mrs. Winter and Mrs. Wright took charge of the fishpond, while Mrs. O'Neal presided over the apple bobbing. The mysteries of fortune telling were unfolded by Mrs. J. Brown, Miss Cunningham and Mrs. Gore, who did their best to disclose happy events in the future life of those who consulted them. Dr. Wright made an excellent Master of Ceremonies, and was kept hard at work the whole time. The success of the evening was also due very largely to the indefatigable efforts of Mrs. Todd, President of the Auxiliary, and to those of Mrs. Williams, Mrs. Meikle and perhaps specially to the untiring toil of Mrs. B. McDonald. A word of praise is also due

BOARDS OF TRADE WANT TO STOP CALAMITY TALK

Present Year Is Only The Second Bad One Out Of Past Eight In Fruit Industry

On Thursday last, a meeting of the Associated Boards of Trade of the Okanagan was held at Kelowna at which the following gentlemen were present: Messrs. J. F. Park and D. McN. Lowe, representing Penticton; Messrs. W. E. McTaggart and J. Harwood, representing Vernon; Mr. W. E. Adams and Mayor Sutherland, representing Kelowna, and Mr. H. E. Walker, of Enderby. General Harman and Mr. L. E. Taylor, who recently returned from a trip through the Prairie Provinces, where they had been investigating matters connected with the fruit industry, were also present at this meeting.

Mr. W. E. McTaggart, President of the Associated Boards, explained that the object in calling a meeting was to evolve some means of combatting the prevailing tendency to cry calamity, which was doing the whole district a great deal of harm. This, he said, was only the second bad year in eight, and many businesses would be glad to have such a record. However, correspondents for outside papers had been writing articles which had been very detrimental to the Okanagan and had been creating the impression that matters were much worse than they really are.

Mr. L. E. Taylor stated that General Harman and himself were holding meetings with the growers throughout the valley so as to lay before them facts and information which they had gathered, and he hoped that the dissemination of these would cause sufficient interest to be aroused to eventually bring about an amelioration of the present conditions.

The following resolution was passed unanimously:

"Resolved that the Associated Boards of Trade recognize that the distribution conditions of the fruit trade, as well as the consumption end, are capable of improvement, and offer their services to the fruit growers and shippers in evolving a scheme for improving conditions, and recommend this matter to the local Boards of Trade."

The campaign now being carried on by General Harman and Mr. L. E. Taylor was heartily endorsed by the meeting.

Resolutions of thanks were passed to the Calgary Rotarians for boosting B. C. apples by means of an "Apple Day" in Calgary and to Mr. D. McN. Lowe for his work in connection with "Apple Week" in Vancouver.

LOCAL CANNERIES WILL CONTINUE TO OPERATE

Season Will Last For About Three Weeks More—Dominion Needs Workers

After lengthy waiting, having been able to secure a carload of cans, which arrived on Monday, the Dominion Canners of B. C. Ltd., have started up the cannery at Kelowna again, steam being turned on yesterday. The management expect to be able to continue operations for at least three weeks, but the length of time the cannery can be kept open will depend largely on the weather, as it will not be possible to do so should heavy frost occur. The company is in need of new help, due to the fact that it was obliged to shut down for some time owing to the shortage of cans, and can find work for those who apply early for jobs as peelers, etc. The factory is now equipped to handle large quantities of apples both at the cannery and evaporating plant, and as an immense amount of this fruit is still in some of the orchards, it is hoped that it will be brought in, so as to save it from going to waste.

The Occidental Cannery has finished its pack of pumpkins and is now putting up apples. This company is also making an effort to operate as long as possible this season.

SOUND ADVICE BY SIR AUCKLAND GEDDES

ST. CATHERINES, Ont., Nov. 2.—Young Canadians should stay in their own country, advised Sir Auckland Geddes, British ambassador to the United States, speaking here yesterday to the students of Ridley Hall.

COUNCIL SESSION WAS VERY BRIEF

No Correspondence And Little Other Business To Consider

Ald. Knowles, who is convalescing at home after a successful operation for appendicitis, was the only absentee from the Council meeting on Monday night, but a bare quorum would have sufficed to transact the meagre volume of business. For the first time for years, as the Mayor remarked, there was no correspondence to deal with, and the other matters consumed only a few minutes.

A resolution was passed authorizing execution by the Mayor and City Clerk and attachment of the civic seal to an agreement between the City and Mr. David Ritch for the purchase by the latter of the house erected on Lot 3, Map 578, under the Better Housing scheme.

The Mayor drew attention to the proposed policy of cutting off light and water services in arrears, at the end of the month in which default of payment is made. This would mean that a defaulter would possibly be two months behind, being for the month for which the service is rendered and for the following month, during which payment should be made in the ordinary course. He considered this would give an ample allowance of time before cutting off the service, and by printing a warning to this effect upon the monthly accounts it would not be necessary to send out any further notice before cutting off any services in arrears.

It was agreed to give the matter further consideration at next meeting, when a resolution will probably be framed to deal with requirements.

Ald. Shepherd reported that Mr. Britton had undertaken to carry out any necessary tests of the milk supplied by local dairies.

Ald. Barrat stated that the work necessary to complete the reservoir would be finished within two weeks. The rubble wall now being erected seemed to be a very good job.

The Council adjourned until Monday, Nov. 13th.

ANNUAL MEETING OF HOSPITAL LADIES AID

Large Amount Of Equipment Provided For Hospital During Past Year

The annual meeting of the Kelowna Hospital Ladies Aid was held in the Board of Trade Rooms last Monday afternoon with Mrs. J. S. Mackenzie, President, in the chair.

Mrs. Mackenzie, in her address to the members present, gave the interesting information that during the period of 1918-1922 (up to the date of the meeting) the earnings in hospital fees from patients had increased by \$15,425 over the earnings of the previous four years, but that there was still owing by patients the sum of \$14,500, which debts to the Hospital had been contracted during the same period.

The president also gave a list of equipment which had been furnished the Hospital within the past year, which included, inter alia, a steam sterilizer, an ether apparatus, two diet kitchens, enlargement of the washing machine, new linoleum, charts for nurses in training, electric range and other necessary apparatus and mentioned that painting, kalsomining and electric wiring had also to be done. These facts were presented to the meeting by Mrs. Mackenzie as spokesman of the Aid's representatives on the Hospital Board.

Forecasting the work to be undertaken during the ensuing year, Mrs. Mackenzie spoke on several matters connected with the welfare of the Hospital, mentioning that the present location of the laundry is very unsuitable, as it is situated under the maternity section, and the space it takes up is badly needed for additional wards. Apart from these facts, there are at present no drying facilities for the clothes. A modern, fully equipped, detached laundry would cost in the neighbourhood of \$2,000 and would fill present requirements.

After the President had finished her address, the annual reports were read, the Secretary giving the following list of articles donated to the Hospital: 29 bedcovers, 14 pairs of blankets, 72 table napkins, 4 table cloths, 48 bath towels, 73 face towels, 110 surgical towels, 32 dish towels, 24 other towels, 12 hot water bottles, 12 hot water bottle covers, 12 baby shirts, 219 wraps, 28 draw sheets, 54 sheets, 41 breast binders, 80 diapers, 10 nightgowns, 60 wash cloths, 36 bedpan covers, 24 bath binders, 5 roller towels, 6 small table cloths, 66 tray cloths, 29 dresser

CHANGE TO HYDRO-ELECTRIC MADE SMOOTHLY

New Power Was Switched On Permanently Last Sunday

With little interruption of the service, the change from steam to hydro-electric power was carried out permanently on Sunday morning. Temporary connections were made on Friday and the new "juice" was switched on as a trial, but it was found to work so satisfactorily that it was continued until Sunday, when the service was suspended for a short time in order to permit the permanent connections to be made, the old switchboard being taken out and the new one moved into position. All arrangements worked out perfectly without any hitch and all engaged in the work were more than pleased at the smoothness with which the necessary changes were effected.

Mr. Lorne A. Campbell, President and General Manager of the West Kootenay Power and Light Company, accompanied by Mr. E. E. Gibson, of Penticton, engineer for the company, came over to see the change made, and to celebrate the event he gave a luncheon at the Palace Hotel on Monday at which the Mayor and aldermen, the principal city officials and employees of the Power Company were guests. Mr. Campbell returned to Penticton on Monday afternoon, en route to Rossland.

It will be about another two weeks before the new power is used to pump water into the reservoir, as the work upon the latter will take about that length of time to complete.

SERIOUS DECREASE IN U. F. A. MEMBERSHIP

CALGARY, Nov. 2.—The membership of the United Farmers of Alberta has decreased from 38,000 on Sept. 30th, 1921, to 15,000 on Sept. 30th, 1922, according to official figures contained in the U.F.A. official journal.

EPILEPSY CLAIMED AS DEFENCE FOR MURDER

LOS ANGELES, Nov. 2.—Mrs. Clara Phillips, on trial here for the alleged murder of Mrs. Alberta Meadows with a hammer, once attacked her sister, Mrs. R. S. Jackson, while suffering from a periodical epileptic convulsion, according to evidence given by Mrs. Jackson in court yesterday.

BRITISH TREASURER WANTS TO SETTLE DEBT TO U.S.

LONDON, Nov. 2.—The new Chancellor of the Exchequer, Rt. Hon. Stanley Baldwin, declared last night that his first duty would be to settle the British debt to the United States.

EX-KAISER'S DAUGHTER ARRIVES FOR WEDDING

DOORN, Holland, Nov. 2.—The Duchess of Brunswick, daughter of former Emperor William of Germany, accompanied by her suite and her mother-in-law, arrived in Doorn this evening. Pastor Vogel is to celebrate the religious ceremony when Princess Hermine of Reuss and William are married.

FORMER METHODIST PASTOR CONVICTED OF MURDER

STATESBORO, Georgia, Nov. 2.—Elliott Padrick, youthful former Methodist preacher, has been found guilty of murder in the first degree in connection with the death of his mother-in-law, with a recommendation to mercy. The verdict carries a sentence of life imprisonment.

NATIONALISTS MAY STRIP SULTAN OF AUTHORITY

PARIS, Nov. 2.—Latest reports reaching official quarters here from Ankara, the seat of the Turkish Nationalist government, indicate that a heated session of the Nationalist Assembly now being held will result in adoption of a measure depriving the Sultan of all civil authority.

BRITISH LABOURITES LOSE IN MUNICIPAL ELECTIONS

LONDON, Nov. 2.—Observers see in the increasing defeat of the Labour party in yesterday's municipal elections a repercussion of the proposal to raid capital contained in their manifesto issued in connection with the coming parliamentary elections.

Stunned by the heavy downfall of candidates, the Labourites intensified their political campaign today with the hope of making a better showing in the general election for parliament on Nov. 15th. In yesterday's balloting, they lost 149 seats which they had previously held in London and about 160 seats which they had occupied in eighty boroughs outside the capital, for the most part in such large cities as Manchester, Liverpool, Birmingham, Derby, Nottingham, Plymouth, Southampton and Portsmouth.

SUCCESS OF CHORAL SOCIETY IS ASSURED

Mendelssohn's Hymn of Praise Will Be Given During The Winter

In spite of the inclemency of the weather on Monday evening last, a representative gathering of those interested in music, as expressed in choral work, met for the purpose of forming a choral society in Kelowna. Owing to some misunderstanding, the Board of Trade rooms were not available for the occasion, and, at the invitation of Mr. Dayton Williams, the meeting was held in the Mason & Risch showrooms.

Mr. J. Borthwick, A.L.C.M., was chosen to act as musical director of the new society, which is also fortunate in having been able to secure the services of Mrs. A. J. Pritchard, as pianist.

Mendelssohn's Hymn of Praise is the work suggested for this season and will be given some time early in the new year. This is a beautiful and tuneful cantata, which is reckoned as one of the composer's very best works, and, though it is also one of the most difficult, it is confidently expected that there will be a more than sufficient number of Kelownians who are talented musicians and who will come forward to take part in what should be one of the foremost musical treats of the approaching winter.

At the inaugural meeting of the Kelowna Choral Society it was decided to hold another one in the Parish Hall of St. Michael and All Angels, Sutherland Avenue, on Tuesday, November 7th, at 8 p.m., to conclude the organization of the society, and also to decide on a hall in which to hold practices, and it is hoped that all intending members will make a point of being present. The music of the cantata has been wired for, so that, as the meeting will only be of a brief nature, there will be ample opportunity to "run over" some of the choruses.

CONAN DOYLE'S MEDIUM GETS INTO TROUBLE

CHICAGO, Nov. 2.—Pierre Sloa Keeler, a Spiritualist widely known as a medium in connection with Sir Arthur Conan Doyle, is at liberty today under a \$1,500 bond following his arrest on charges of operating a confidence game. The charges were made by Mrs. Natalie Dennis, who said Keeler promised to obtain messages from her dead relatives and friends but wrote the messages himself.

BIRKENHEAD SPEAKS ON SUBJECT OF WAR DEBTS

BRISTOL, Nov. 2.—The subject of Great Britain's debt to the United States and the money due Great Britain from other countries was discussed by Lord Birkenhead, former Lord Chancellor, in speaking here today in place of Mr. Lloyd George. "Apparently the happy prospect with which we are confronted is that we are to pay everything we owe and that no one is to pay us anything they owe us," remarked Lord Birkenhead.

METHOD OF CHOICE OF IRISH SENATE

DUBLIN, Nov. 2.—The Dail Eirann devoted yesterday's session to the adoption of elaborate rules for the election of the Irish Senate. Of the sixty members of the Senate, thirty will be nominated by the President and the remaining thirty will be elected by the Dail on a basis of proportional representation.

BRITISH NOT TO EVACUATE CONSTANTINOPLE SOON

CONSTANTINOPLE, Nov. 2.—Lieut.-Gen. Sir Charles Harrington denies reports that the British troops and British colony in Constantinople will be evacuated soon. This statement has tranquillized the Christians here.

Mr. and Mrs. W. C. Brown and Mrs. Y. R. Nickson, of Vancouver, are staying at the Palace.

Mr. and Mrs. R. O. C. Lyons, of Kamloops, motored to Kelowna yesterday, returning home the same day.

METHODIST W.M.S. HOLDS ANNUAL CONVENTION

Valuable Papers Are Read And Profitable Time Is Spent By Delegates

(Contributed)

The eleventh annual convention of the Okanagan District of the Women's Missionary Society of the Methodist Church of Canada was held in Armstrong last week from Wednesday to Friday inclusive. Among the delegates from Kelowna were Mrs. W. E. Adams, Sec. Treas., Mrs. Brown, Miss Ella Patterson, President of the Circle, Mrs. Hughes and Miss B. Shier.

There are one hundred and seventy-nine members of this society in the Valley who are working quietly but effectively for the spread of Christian teachings at home and abroad. It has been stated by competent observers in foreign lands, that Christian missionaries are doing more to promote friendly relations between those countries and our own, than all the expensively maintained diplomatic corps.

Mrs. Campbell-Brown, who addressed the convention, testified, as a result of observations made over a period of many years spent in China, as to the marvellous transformation in the lives and outlook of Chinese men and women who accepted the teachings of Christianity. The East is not as materialistic as the West and the tendency is to accept Christianity at its true value. In so-called Christian countries, Christianity has become dislocated, because we insist on having the values of the material world and the values of the spiritual world, a foot in both worlds. We have divorced Christianity from the common life.

Christianity interpreted by the Eastern character will return to enrich our inadequate Western version.

Mrs. A. S. Hurlburt, of Vernon, District Superintendent, gave a report of the annual meeting of the Dominion Board of Managers recently held in Toronto. Over \$434,000 has been apportioned for the work of the coming year, \$123,000 being given to work in Japan, \$132,000 to work in China, and the remainder to work in Canada.

Papers bearing on the work of the Society were composed by Mrs. Beavis, of Summerland, Mrs. Hughes and Miss Shier, of Kelowna.

Among the musical numbers was a beautiful rendering of "There is no Death," by Mrs. Day, of Vernon, and a violin solo by Miss Maxwell, of Armstrong, was also of outstanding merit.

The next annual convention will be held at a point further south, probably Summerland.

PHILHARMONIC BEGINS SEASON NEXT WEEK

Large Repertoire Of New Music Has Been Obtained

At a general meeting of the Kelowna Philharmonic Society held last Monday, it was decided to hold the first practice of the season on Wednesday, November 8th, in the Morrison Hall at eight p.m.

The society has recently acquired a large and completely new repertoire of music, which it is hoped will serve to stimulate more interest and enthusiasm in all interested in its activities. It is now on the look out for new talent and finds this one of its most difficult problems, so that its members will be glad if anyone desirous of joining the orchestra will kindly communicate with the Secretary, Mrs. D. Curell, or with any member with whom they may be acquainted, all of whom will be glad to furnish any information desired.

It is the intention of the Kelowna Philharmonic Society to give a series of concerts in town during the coming winter and its members are anxious for the public to understand that it is not a professional club in any way, shape or form, and that anybody who plays an instrument, or who is desirous of learning to play one, will receive a welcome.

LLOYD GEORGE IS ON SICK LIST

LONDON, Nov. 2.—The illness of ex-Premier Lloyd George attracts much attention. His cold and throat trouble is said by some to be really a symptom of run-down health due to fatigue. That he is tired was obvious to those who saw him during his recent visit to Scotland.

INVESTIGATORS TELL OF VISIT TO PRAIRIES

Brig. Gen. Harman and Mr. L. E. Taylor Place Fruit Markets Situation Before Rutland Growers

Rutland growers turned out in full force to the meeting held in the School on Saturday evening last, to hear the report of Gen. Harman and Mr. L. E. Taylor on their recent trip to the prairies, where they investigated, at first hand, the market conditions in most of the important cities and some minor places. The results of their investigations are, to say the least, discouraging, and the net prices returned to the grower for fruit sold on the prairie markets are likely to be so small as to require a powerful microscope to detect them; in fact, in many cases—and figures were quoted to prove it—cars of apples were sold at prices that will not pay transportation and handling charges and will return only "Red Ink" (i.e., entry on the wrong side of his books) to the grower.

Mr. George Monford was voted to the chair and immediately called upon Mr. Taylor to address the meeting. Mr. Taylor first described their visit, to Calgary where they found the market badly demoralized, carloads of apples arriving daily, consigned to the various jobbers, while nobody was buying, except in small quantities.

Many retailers buying only sufficient to last them for one day, fearing that their competitors would, by buying later, be able to undersell them or force them to unload at a loss. Contrary to the general idea, fewer apples are sold upon a falling market than when prices are consistently high, the reason being that the housewife, who generally makes the purchases, observing apples for sale in one store at \$2.25 say, and in the next at \$2.15, and another at \$2.00, in almost all cases decides to wait until "tomorrow" in hope of getting them at \$1.95. The consequence is the price cutting continues indefinitely and on a consignment basis, the loss is sustained almost entirely by the grower. It is a noteworthy fact, however, that nobody wants a consignment market. Retailers, wholesalers and jobbers were all unanimous in their condemnation. "What is the matter with you in B. C.?" was the question put to them at every turn. Very few Ontario and practically no N. S. apples are to be met with on the prairie markets. It is we who are spoiling our own market, for lack of unity and co-operation and for no other reason.

From Calgary they went to Edmonton, where the conditions were much the same, box apples were selling at low prices, if sold at all. A few dealers there are recognized as "out-and-out price cutters. These dealers endeavour to freeze out the remainder of the 380 dealers handling apples and then raise the prices when obtaining the market for themselves. At Edmonton they found the jobbers squabbling and fighting amongst themselves. They attempted to bring them together to a meeting for the purpose of reaching an agreement to sell a set price. While the meeting failed in that end, it was at least an accomplishment to have brought the various jobbers together. This was the first occasion that they had met together. One jobber, said Mr. Taylor, had been 18 years in the business yet did not know many of his fellow jobbers by sight, that was how much they co-operated. They investigated some cases where apples were alleged to have been sold by valley firms to retailers and others at cut rates. They found most of these cases to be untrue. One department store was found to be making a display of B. C. box apples at prices which meant an actual loss to themselves.

From Edmonton they journeyed to Saskatoon, which was, and is still, the worst market of all. Things seemed in such a hopeless condition they could accomplish nothing, so continued on to Winnipeg. This city, said Mr. Taylor, is the great jumping off place for "rolled" cars, a type of consignment. Cars would be loaded here in the valley and sent out unsold, billed to Winnipeg. Wires would be sent to various centres to the jobbers, with the hope of their buying them. If so, they would be diverted in transit but if not they arrived in Winnipeg and were consigned. In a season like this few "rollers" were diverted, as a consequence the tracks and the warehouses of Winnipeg are jammed full of consigned apples.

At a general meeting of the Kelowna Philharmonic Society held last Monday, it was decided to hold the first practice of the season on Wednesday, November 8th, in the Morrison Hall at eight p.m.

BOY SCOUT COLUMN

Troop First! Self Last!

Edited by "Pioneer"

2nd November, 1922.
Orders by command for week ending 9th Nov., 1922.

Duties: Orderly Patrol for week, Wolves; next for duty, Owls.

Parades: The combined Troop will parade at the Scout Hall on Monday, the 6th inst., at 7.15 p.m. At this Parade Tenderfoot work will be revised by each Patrol under its Leader, and with the exception, of course, of recruits, every Scout will be expected to know this work thoroughly. After the Tenderfoot and during the next Parades we shall revise the Second-Class work, and then pass on to the First-Class.

Scouts J. Williams and J. Foster and Seconds G. Haug and J. Laidlaw have recently passed their First-Class Hiking Tests and handed in their reports.

As District Commissioner, the Scoutmaster was invited to attend the meeting of the Rutland Troop on Friday last, and of their Local Association afterwards. The members of the Local Association, parents and friends, were also present at the meeting, which took the form of going through the regular routine of a Scout Meeting, that is, Roll Call, P.T., Game, Tenderfoot instruction, Second-Class Ambulance, Signalling, and First-Class Drawing.

There was an attendance of about 18 keen, eager Scouts and Recruits, under Scoutmaster Stanton and Assistant Scoutmaster Gray, and we wish the example and enthusiasm of Rutland in maintaining their Troop could be followed by the other districts adjacent to Kelowna. We are sure there must be many old Scouts in the district who might be able to be of some assistance in this respect, and any offers of help from them will be most gladly appreciated by the District Commissioner. Speaking of the difficulty in finding Warrant Officers for Troops, the Provincial Secretary recently wrote that this was still the great difficulty, but that during the past year it had been a great pleasure to them to recommend for warrants many young fellows who had continuously "stuck to" Scouting and now on reaching the required age were still willing to carry on as Warrant Officers.

We do not suppose that there are many of the present members of the troop who remember Assistant Scoutmaster Jepson who left the Troop in 1914 when he went Overseas, but it will undoubtedly interest all our old Scout Leaders to know that his wife presented him with a son last month. He is working for the Ford Motor Company Works at Manchester, England, and has bought a house and settled down there. We extend our hearty congratulations to him. He is still keenly interested in Scouting but has not had time so far to take an active interest in any Troop at Manchester. He is eagerly looking forward, though, to the time when he can, to which we may say "That's the Spirit." Mr. Jepson's address is 115 Gerald Road, Pendleton, Manchester, England.

The Editor of the "Canadian Boy" has written to us offering a special get-acquainted club subscription rate of five three-months new subscriptions for \$1.00. We are quite sure that subscribers to this magazine for three months will wish to become permanent subscribers, and we bespeak the assistance of all Scouts and parents to do their utmost to help this publication which it is intended to be, a first-class Canadian magazine for Canadian boys.

Mining men throughout the Kootenays are entering a strong protest against the ore testing plant, promised by Premier King, being established at Vancouver, it being pointed out that the ore tonnage is produced either in the Kootenay district or up north.

AT THE EMPRESS

Monday and Tuesday, Nov. 6 and 7.

RUTLAND

Mr. and Mrs. A. Hardy and baby daughter leave this week for Buffalo, U. S. A.

Mr. and Mrs. J. McDonald, of Vancouver, are visiting their daughter, Mrs. H. J. Logan.

Mr. and Mrs. A. Bennett leave this week for Vancouver.

Mr. W. F. Schell left on Thursday last for the prairies.

Mr. D. B. McClement arrived home last week-end from Vancouver.

Mrs. T. Maxwell is spending a short visit with Mrs. Stainton, of Vernon.

Mrs. F. A. Stanton and Mrs. J. McKillican attended the W. M. S. conference at Armstrong last Thursday and Friday.

A special Thanksgiving Service will be held in the Rutland Presbyterian Church on Sunday, November 5th, at 11 a.m. Miss Staples and Mr. Wm. G. Gray will assist the choir. Rev. J. A. Dow, minister.

On Friday evening last was held the annual general meeting of the Local Association of the Boy Scouts. The business meeting was preceded by a regular Scout meeting, to which members of the Local Association and the general public were invited. The Troop did not attempt any spectacular display, merely carrying through an ordinary evening's programme, giving the attendant parents and supporters an idea of the work done. Physical exercises were followed by Signalling, First Aid and Map Drawing practice by the various Patrols. The results of the Patrol Competition were then announced. The Beaver Patrol were the winners by a large margin and were the recipients of copies of the Scout Diary for 1923. These were presented by District Commissioner E. C. Weddell. After the presentation Mr. Weddell addressed the Troop for a few minutes, urging the boys to remember their promise, especially emphasizing the daily good turn. Swimmers' Proficiency Badges were also presented to Patrol Leader A. Dalglish and Second D. Fitzpatrick of the Beavers.

After the Troop had dismissed the business meeting was proceeded with. Mr. A. C. Kemp, as President, occupied the chair. After the financial report from Secretary E. Blenkarn had been read and adopted, election of officers took place. Last year's officers, President, Mr. A. C. Kemp, Vice-President, Mr. W. Gay, and Secretary, Mr. E. Blenkarn, were all re-elected by acclamation, and a committee of four was elected to form, with the three officials, an executive of seven. The members elected were: Mrs. J. Wallace, Rev. J. Dow, Scoutmaster Stanton and Assistant Scoutmaster Gray.

The Scoutmaster presented a report of the year's activities of the Troop, also of the Wolf Cubs. Mr. Stanton being also Cubmaster. A financial statement was also given, which showed a credit balance of \$17.00 in the Scouts' account. A resolution was passed adopting the report and extending the thanks of the Association to ex-Scoutmaster Money, Scoutmaster Stanton and Assistant Scoutmaster Gray for their efforts for the boys and the splendid progress shown by the Troop.

The matter of repeating again this year the memorial service held on Armistice Day last year was then discussed, and it was unanimously decided to attempt a similar thing on Nov. 11th. The ceremony will consist of the placing of wreaths on the monument, the singing of patriotic songs and the delivering of one or two short addresses. The time set for the commencement is 10.45 a.m.

The meeting of growers on Saturday evening was well attended. Conclusions to be drawn from the information presented by the speakers, Brig-Gen. Harman and Mr. L. E. Taylor, are surely obvious. It is a case of "join or die." We must control the marketing of our fruit through co-operation of some sort or another. Individual grower-shippers appear to have become a pest as injurious as the Codling Moth!

Mr. and Mrs. A. W. Gray rejoice in the arrival of a daughter, born November 1st.

Saturday last was a red letter day with the Rutland Company of Girl Guides and Pack of Brownies, for on that day the members were duly invested and became fully fledged Guides and Brownies. Parents and friends of the girls had been invited to witness the ceremony, which took place in the basement of the School, and quite a number were present.

The Brownies had the first turn and shortly after three o'clock in the afternoon, in response to the owl call of their Captain (Miss Edith Gay), the Brownies, eight in number, came running into the basement and gathered

EAST KELOWNA

The most important event on the Benches lately was last week's water meeting. It evoked widespread interest, for the school room was crowded and all the surrounding districts were represented; Mr. Barrat, of Glenmore, Mr. E. M. Carruthers, from Black Mountain, Mr. J. H. Thompson, of the S. S. B., and many others were present. The stage was all set for a most instructive and useful debate, but did it come off? Nobody who knows East Kelowna would expect it. Our slogan on the Benches is "Leave it to J. E." and the Water Meeting was no exception. Everyone came to the meeting with the intention of saying nothing himself but of listening to somebody else. It is our usual way of doing business and we would say nothing about it, were it not for the visitors who took the trouble to come to learn something from us.

The proceedings opened by the Rev. Graham Brown being moved to the chair. He called on the petitioners who had asked the Trustees to call the meeting to explain the purpose of the meeting, but Mr. Affleck alone responded. A confused debate ensued in which Messrs. Dart, Grogan, Hill, Allan and Smallman took the chief part. Suggestions were made that the Trustees should invite the Trustees of the other districts to hold a combined meeting or that the government should appoint a commission to investigate the situation but these are merely "passing the buck" to some one else. There were only two practical suggestions made at the meeting: One was to ask the government to forego their taxes this year and to collect them by six installments spread over the next six years. This, however, was knocked on the head when the Black Mountain and Glenmore representatives stated so large a proportion of their taxes had already been collected they could not join us (speaking unofficially) in asking the government to remit our taxes this year altogether but they would very willingly co-operate with us in extending the time for repayment of the taxes due the government from November to March 15th, and a resolution to this effect was carried. This seems to us very logical. When the Water Act was framed fruit growers used to be paid by the packing houses on the 15th of the month following delivery of the fruit and could pay taxes in November; now all contracts with the shippers call for payment "on completion of pools," which means that growers have little or no money till January. There is very little time left, however, to get an amendment to the Water Act as the Legislative Assembly meets in a few days so Messrs. Reekie and Barrat have gone to the Coast with this object.

Today (Tuesday) we expect the Secretary of the District, Mr. H. B. Everard, back from his honeymoon.

We note Mr. Strang's house is nearly completed.

On Thursday Mr. and Mrs. Wright, accompanied by Miss Spencer-Smith, are leaving for the Old Country.

The B. C. Growers, Ltd., have been packing fruit this week for exhibition at the Toronto Fair. We saw some of it and their exhibits will certainly be a great advertisement for Kelowna fruit.

The Rev. W. Graham-Brown has had good news of the first of the three carloads of fruit he sent to the Old Country. We hope he will have equally good news of the other two. He certainly deserves success for his enterprise.

round the totem pole which was surmounted by a wise-looking owl. One by one they took the promise to be loyal to their King and country, and to be helpful to others, especially those at home. They were then declared to be Brownies and were presented with the badge of the Pack.

The Girl Guides, under the command of Capt. Mrs. Wesley, next took the floor and presented a smart appearance in their natty uniforms. The ceremony of investiture had been carefully rehearsed and it went off without a hitch. The Guides certainly did credit to the training of their Captain, for the movements were performed with a military precision and snappiness worthy of a much older troop. Rutland has reason to be proud of having such a smart Company of Girl Guides in its midst.

Their first meeting of the season was held by the Rutland United Society in the Presbyterian Church on Tuesday evening, Halloween. The meeting was very well attended. Mr. Leon Fitzpatrick, the President, occupied the chair. Rev. Mr. Scrimgeour, a missionary from British Guiana, gave a very interesting address upon his experiences in that country. Mr. J. Greenwood contributed a vocal number to the programme. At the conclusion refreshments consisting of pumpkin pie and dough nuts were served by the ladies.

43%
Means
Cream

Mrs. B., of New Westminster, wants to know if each can of Pacific Milk is 43 per cent cream. We mention it here in reply to her letter in case there are other women who do not understand the fact. Yes, Mrs. B., through our improved process each can of Pacific Milk is 43 per cent fresh, sweet cream, which accounts for the fact that your cake was too short. Either use less shortening or dilute the milk more.

The Natural Wealth of Canada

Grain

THE Northwest was a barren waste only forty-odd years ago. Today, in a thousand-mile belt across the three prairie provinces, is one of the greatest grain-producing areas in the world. For the year 1921 the total value of the wheat, oats, barley and rye produced throughout Canada was estimated by the Government at \$432,984,750.

The Bank of Montreal has a service adapted to the needs of the farmer and a system of branches reaching to all districts.

THE PRAIRIE
FRUIT MARKETS
BULLETIN

Current Prices and Market Conditions
(From the Weekly Bulletin issued by J. A. Grant, Fruit Markets Commissioner, Calgary.)

Calgary, Oct. 28, 1922.
The Week in Calgary

The wholesale fruit dealers met in the Board of Trade rooms Wednesday and discussed ways and means to stabilize the apple market. After this meeting, the Western Jobbers held a meeting to arrange for their convention, to be held in Calgary on the 8th, 9th and 10th January. The Western Jobbers extend a hearty invitation to representatives of the fruit growing industry to be with them on this occasion and partake in their deliberations.

This is Sunshine Apple Day in Calgary. Over 250 boxes of B. C. apples have been donated by B. C. shippers to the Herald Sunshine Club. The funds realized from the tag sale of these apples will be applied to provide Christmas hampers to the deserving needy. The Rotary Club will make this a record Tag Day. We have examined the apples donated and find them all in the Extra Fancy class, including Delicious, Macs and Jonathans. No better ad. could be devised to stimulate apple consumption.

Three of the best sales made this year of B. C. produce were made by the Vernon Fruit Co. this week. On October 24th a shipment of Golden Bantam sweet corn was received from Mr. G. Kingsbury, of Westbank, and sold wholesale at 75c per dozen. Also a crate of raspberries arrived from Mr. S. Eagle, of Dewdney, they sold wholesale at \$10 per crate. On the 26th, the same firm received four crates of peaches from Mr. E. Johnson, Westbank. Two crates (large, well coloured) were sold wholesale at \$3.00 each, the other two wholesaled at \$2.50 each. This is a very cheerful contrast to the present price of apples.

During the coming week Calgary retail fruit dealers will put on an apple display of O.K. apples, all varieties. Five substantial prizes will be awarded for the best displays.

Some of the finest Delicious apples that have been seen on this market came from the farm of M. S. Sievers, of Naramata.

The weather this week has been cool, crisp and clear.

This Week's Car Arrivals

From B. C.: 18 apples, 1 onions, 1

potatoes, 1 mixed vegetables, 1 celery.

From Ontario: 4 grapes.

From Alberta: 6 potatoes.

From Montreal: 1 onions.

From California: 1 melons.

Edmonton

Edmonton, Oct. 27, 1922.

Prices on some lines are still very

depressed on this market. This statement

refers more particularly to crate

apples and onions.

McIntosh Reds, both wrapped and

crated, have come in pretty well mat-

ured this year, and some of this variety

have had to be cleaned up as they

were starting to show shrinkage.

We have a pretty fair crop of ve-

getables of all kinds, although the

yield of potatoes is considerably smaller

than usual. This, however, does not

mean that we want any potatoes on

this market, because we can still ex-

port many carloads.

Approximate wholesale prices are as

follows:

so as to reach country customers

before Saturday.

THURSDAY, NOVEMBER 2, 1922

YALE CUP IS WON

BY VENON LADY

Mrs. Bott Defeats Mrs. H. G. M.

Wilson In Play-Off

(Contributed)

The Yale Cup, which carries with it

the Ladies' Championship of the Interior,

was played for on October 18th

and 19th. The links were in first-class

condition and the weather all that

could be wished for from a golfing

standpoint. There were fourteen

entries, including three from Vernon, two

from Kamloops and the remainder

from the local club, but unfortunately

the Kamloops ladies were wired at the last

minute to say that they were unable to

come.

The eliminating rounds were played

on the 18th, with the result that Mrs.

Bott, of Vernon, and Mrs. H. G. M.

Wilson, of Kelowna, had to play off

under match play on Thursday after-

noon, the 19th. The match proved a

most interesting one, some sound golf

being played by both ladies. Every

hole was keenly contested. Mrs. Bott

winning the Cup in the end by 3 and

one to play.

Mr. H. F. Rees, Vice-President, in a

happily put speech, presented the Cup

to the winner.

There will be a match on Thanksgiving

Day between teams picked by the

Vice-President and Captain. Men's

and ladies' singles will be played in the

morning and mixed two-ball foursomes,

9 holes, during the afternoon. Play

will commence at 9.00 a.m. Teams will

be picked and names posted in the

Club House. The ladies have kindly

agreed to serve lunch and afternoon

tea, after which the several cups will

be presented.

G.W.V.A. NOTES

At a well attended meeting last Saturday

night, Comrades Belson and

Burke were the popular choice as delegates

to represent this Branch at the

Provincial Convention being held in

Penticton at the end of the month.

Members have two more general meetings,

the 8th and 25th, at which to offer

suggestions, criticisms or complaints

which may help the delegates,

so let us all turn out at these two

meetings and give them our unanimous

backing.

Plans for Armistice Day are now

nearly completed. The selling of the

Poppies, as well as the annual dance,

on the 10th, are, as usual, in the capable

hands of the Ladies Auxiliary. We

are holding a smoking concert in the

Club on Saturday night, and on the

Sunday afternoon there will be a

Memorial Concert in the Empress

Theatre, by courtesy of the management,

at which the Kelowna Philharmonic

Orchestra have kindly consented

to assist. A further announcement

concerning this will be in next week's

paper.

We'll say that last Friday's dance

was a success! But even if you did

miss it, there's one this Friday.

Wear a Poppy on Armistice Day.

Another storage dam is being added

to the Summerland municipal irrigation

system on Deer lake, which empties

into Trout Creek. It is hoped to

impound 500 acre feet of water by this

additional dam.

WESTBANK

Mr. T. H. Riley, of Summerland,

was here Wednesday on business.

We all congratulate Mr. and Mrs.

A. Davidson on the arrival of their

little son.

A Scout meeting was held Saturday

to practise for the parade which took

place Sunday.

Mr. A. W. Hamilton, of the B. C.

Growers, stopped here Wednesday on

his way to Penticton. He was accom-

panied by three packers and a press-

man who were going to work at the

Penticton house.

The packing houses are about finished

now. George Rowcliffe's house

has finished and the Union will soon be

closed. The B. C. Growers' house will

not be finished for a while yet. There

are eight speedy packers at work now

but they have quite a number of boxes

to pack.

Rev. Mr. Sadder preached an excellent

sermon to nearly sixty people

Sunday, and we hope the school room

will be crowded next Sunday also, it

being Thanksgiving service. It would

be appreciated if those who have some

vegetables or flowers would bring them

to the school Saturday night, where

they are going to decorate the school

as usual.

The talk of the skaters here is to

build a large rink on the town flat so

it will not be so far to go. We are

hoping that some individual will take

Want Advs.

First insertion: 15 cents per line; each additional insertion, 10 cents per line. Minimum charge per week, 30 cents.

In estimating the cost of an advertisement, subject to the minimum charge as stated above, each initial, abbreviation or group of figures not adding five counts as one word, and five words count as one line.

If so desired, advertisers may have replies addressed to a box number care of The Courier, and forwarded to their private address, or delivered on call at office. For this service, add 10 cents to cover postage or filing.

The regular monthly meeting of the Jack McMillan Chapter of the I.O.D.E. will be held at the Oddfellows' Hall on Saturday, Nov. 11th, at 3 p.m. As this meeting will be held on the fourth anniversary of the founding of the Chapter, all members are asked to be present and bring a friend with them. 11-1c

We know it is unnecessary to say anything about the sending of gifts of Indian Handicraft to those who have already sent something of this kind, for the words of appreciation from the happy recipients have already spoken more convincingly than we could possibly do. To those who are finding it difficult to choose the gift that contains all the desirable features, we invite them to come in and see our line of genuine Indian Handmade Goods, and see if we are not right when we say they have all the desirable features of a gift to send Overseas. They are light in weight, unbreakable, unique, rare, serviceable and are real curios. Parcels mailed from the store if desired.—SPURRIER'S BOOK STORE. 11-1c

The first snow was visible on the hills to the south of Kelowna on Saturday morning last, high up at a considerable elevation above the track of the Kettle Valley Railway. A second fall on Monday night came considerably lower down. On Tuesday there were heavy rain squalls most of the day, and snow could be seen quite low down on all the surrounding hills after the weather cleared up.

Mr. W. R. Maxon, who has been staying here during the past summer, and who is well known in athletic circles in Vancouver, has decided to open up an athletic club in Kelowna on or before the first of December. This will give the jaded business man a chance to harden his muscles and, as there will also be a class for juniors, young people in town will also be able to keep fit by learning new athletic stunts of all kinds.

There has been another serious shortage of cars at Kelowna, which, if not remedied, may affect local fruit interests quite seriously. Packing houses which have needed at least six or seven cars daily have only been supplied with one or two, and others only irregularly. The reason is said to be that consignees at prairie points have not been unloading the cars but have been using them for storing purposes. This car shortage is particularly harmful at this season of the year, at the time when frost may come any day. On Monday only one car came in for the whole industrial quarter. As fruit is now piled sky-high at all the packing houses, nearly all the managements have been obliged to secure extra storage facilities in various parts of the town, as well as storing as much as possible in their outside warehouses and sheds. Storage room is at a premium at the present time.

Archdeacon Greene, in company with the Rev. Rural Dean Solly, will motor to Vernon, where they will attend a Rural Deanery Conference on Thursday and Friday. G. A. Fisher, lay representative of the parish, will be present at the Friday session.

On Sunday, the Archdeacon will take the duties at Penticton, and the Rev. G. Thompson, the rector, will preach at the morning and evening services at Vernon.

CHURCH NOTICES

BAPTIST CHURCH.—Services at 11 a.m. and 7.30 p.m. Appropriate music for Dominion Thanksgiving. Morning topic, "The Day the Lord Made." Evening topic, "National Thanksgiving." Everyone welcome.

UNITED CHURCH.—Sunday—Special Thanksgiving Services, both morning and evening.

The Right Rev. A. J. Doull, D.D., Bishop of Kootenay, will officiate at all the services at St. Michael and All Angels, on Sunday next, 5th inst. The hours of service are: 8 o'clock, Holy Communion; 11 o'clock, Matins; 11.30 o'clock, Choral Eucharist; 7.30 o'clock, Evensong.

Archdeacon Greene, in company with the Rev. Rural Dean Solly, will motor to Vernon, where they will attend a Rural Deanery Conference on Thursday and Friday. G. A. Fisher, lay representative of the parish, will be present at the Friday session.

On Sunday, the Archdeacon will take the duties at Penticton, and the Rev. G. Thompson, the rector, will preach at the morning and evening services at Vernon.

Local and Personal

Mr. J. J. Atherton left for Vancouver on Monday.

Mr. H. Slater was a passenger to Victoria today.

Miss Annie McKimion left for Mathe, Man., last Friday.

Mr. and Mrs. L. A. Hayman returned on Sunday from Vancouver.

Mr. J. E. Reekie left for Victoria on Tuesday, travelling via Vernon.

Mr. J. H. Falconer, of the Liquor Control Board, spent part of Saturday in Kelowna.

Mr. E. Chamberlain has purchased the residence of Mr. G. A. Chick, on Willow Avenue.

Mr. J. C. McDonald was a passenger on the s.s. "Sicamous" last Friday on his way to Toronto.

Miss J. M. Renfrew was a passenger on the s.s. "Sicamous" on Tuesday, en route to Toronto.

Mr. and Mrs. B. Kitson, of Bear Creek, returned from a trip to the Coast last Saturday.

Mr. Percy, of Winnipeg, Man., arrived on Saturday afternoon on a visit to Mr. and Mrs. Blair.

Mrs. G. C. Renfrew and family left for Victoria on Tuesday, where they will spend the winter.

Mr. T. Anderson, of the Department of Agriculture, left on Monday on an official visit to the Summerland district.

Miss Frances Spencer-Smith left for England on Monday. She sails on the s.s. Melita from Montreal on November 8th.

Mr. and Mrs. H. B. Everard (Mrs. E. Black), who were married at Vernon last week, are spending their honeymoon at the Coast.

Dr. D. C. Mackenzie, of Vancouver, who has been staying at the Lakeview Hotel, left for Southern Okanagan points on Wednesday.

Mr. and Mrs. H. Downie, of Deep Cove, Victoria, have come to Kelowna to spend the winter. Mrs. Downie is a sister of Mrs. E. Weddell.

Miss A. Johnson, of the Morning Albertan, Calgary, left on Friday for Peachland, Penticton and other points in the Southern Okanagan.

Mr. D. G. Goddard and S. Howe, of Armstrong, motored through town on Saturday en route to California, where they will make the whole distance by car.

Ald. J. B. Knowles has sufficiently recovered from the operation performed for appendicitis to be able to return home from the hospital last Sunday.

Mr. F. Hill, agent for the Dominion Express Company, left for Toronto last Friday, having been called east owing to the serious illness of his mother.

The funeral of the late Miss Jessie Lawson Renwick took place last Friday at the cemetery, the service being conducted by Rev. E. D. Braden, minister of the United Church.

Mrs. M. E. Hill left today for Moosomin, Sask.

Mr. L. W. Makovski, of Armstrong, spent Tuesday in Kelowna.

Mr. and Mrs. R. Hardie left for Kalamazoo, Mich., yesterday, travelling via the main C.P.R. line and St. Paul.

Next Monday, November 6th, is Thanksgiving Day, and all places of business and public offices will be closed.

A Hindoo named Gene Sing died in the hospital on Sunday morning last and was cremated by his compatriots the same day up the main valley, not far from the Bulman place.

Mr. C. E. Oliver, of Penticton, was a visitor to Kelowna during the early part of this week. Mr. Oliver is a son of Premier Oliver and manager of the Penticton Chemical Company.

Passengers from the Okanagan on the s.s. "Melita," which sails from Montreal for England on the 8th inst., will include Mrs. H. J. Hewitson and Mr. and Mrs. A. H. S. Wright and children, who all left Kelowna today on the s.s. "Sicamous."

Mr. S. T. Elliott has been at Vernon for the past few days attending the Assizes there, where an action is being heard in which he is the interested party, as he is claiming damages for injury to his Glenmore property by water from the Glenmore Irrigation Company's ditch.

The Ladies Auxiliary of the G.W.V. A. intend to make the sale of poppies one of the features of the dance which will take place on Friday, 10th November, and will sell poppies on the streets on Saturday, Nov. 11th, Armistice Day. The profits will go towards the fund for relief of distress during the coming winter.

As the result of a sad automobile accident a few miles out of Saskatoon on Sunday, October 22nd, Mrs. J. W. Jones, of Kelowna, and Mrs. W. F. Schell, of Rutland, suffered bereavement, their sister-in-law, Mrs. P. G. Bird and her daughter, Helen Bird, aged 21, meeting their death. Miss Bird was killed instantly while Mrs. Bird died in hospital three days later. Mr. Bird and his sister, Mrs. W. Greenlees, of Grenfell, Sask., who was visiting him at the time, were taken to hospital suffering slight injuries and shock. Mr. and Mrs. Bird were visitors to Kelowna last summer, and those who met them will sincerely sympathize with Mr. Bird in his terribly tragic bereavement.

Clad in his old U.S. Army uniform, Sam Diamond, a lad of nineteen, who is walking from New York to Mexico, via Canada, arrived in town on Wednesday and after resting for a day will continue his long "hike" tomorrow. He began his pilgrimage last April, starting from New York with 50 cents as his capital. Doing odd jobs for his meals, he reached Calgary with 20 cents. So far, he has travelled through ten states and six provinces, and he expects the whole journey will take about eighteen months. The long trip was undertaken primarily for the benefit of his health, and the youngster certainly looks well on it. He camps out frequently and cooks his own meals. He does not ask for lifts but does not disdain the offer when made. Evidence of his travels is given by a portfolio containing numerous newspaper clippings and the signature of the mayors of the various cities visited. On completion of the trip, Diamond plans a bicycle tour of the world.

Mr. and Mrs. H. Downie, of Deep Cove, Victoria, have come to Kelowna to spend the winter. Mrs. Downie is a sister of Mrs. E. Weddell.

Miss A. Johnson, of the Morning Albertan, Calgary, left on Friday for Peachland, Penticton and other points in the Southern Okanagan.

Mr. D. G. Goddard and S. Howe, of Armstrong, motored through town on Saturday en route to California, where they will make the whole distance by car.

STIRRING DRAMA OF THE TRACK

"Thunderclap" Contains Equal Parts
Of High Grade Sensation And
Heart Interest

(Reviewed by Edward Weitzel)
"Thunderclap" is an appeal to primitive emotion. With this object in view, the author has cleared a straight path to his goal. The picture contains equal parts of high grade sensation and heart interest. Innocence and helplessness are made the victims of brute force; the horse that wins in a hot finish, one of the most thrilling races ever shown on the screen; brings home the happiness of the heroine with the prize money; the hero battles for his life in a surging torrent for miles and keeps the spectator on the edge of his seat, until the sensational rescue at the brink of the falls. Every trick of melodrama is skilfully used. There are touches of comedy and unexpected turns of plot that will set any body of spectators to laughing or cheering, just as they did at the first public presentation of the picture at the Central Theatre, New York City. "Thunderclap" is all showmanship. The average film fan will enjoy every foot of it, and so will the highbrow, even when he assumes his most superior attitude. It is fundamentally on firm ground, and the construction and acting of the story insure its success. There is something doing—and being done right—from start to finish. It is one more clear call to the moving picture industry to make drama.

Mary Carr has another mother role in the picture. The part is a difficult one, a paralytic who can only move her eyes. Mrs. Carr plays it with beautiful feeling and sincerity. J. Barney Sherry, Paul Willis, John Daly Murphy and a coloured boy named Thomas McCann are other shining marks in the cast. Director Stanton has done himself proud with the river scene and the horse-race, and packed them with thrills. "Thunderclap" is the big noise in race track drama.

THE PRAIRIE FRUIT MARKETS BULLETIN

(Continued from Page 3)

that consignment has brought about; it is the inevitable outcome of conditions forced upon them.

The responsibility for the instability of the condition we are now facing lies with the growers themselves. If they cannot unite to prevent it, they may as well prepare for a repetition of this year's conditions. A short crop may save them to some extent, but until they centralise and distribute through one clearing house, they will not succeed.

The winter apple deal can still be regulated by the growers getting together.

Markets Bulletin

There will be no issue of the Bulletin next week. The last number for this season will be issued on the 11th of November.

Every boat coming in to Vancouver from China is still bringing in from ten to twenty Orientals who are listed as "merchants' sons" or "students."

Dr. P. R. HAYWARD, Ph.D.,

Education Council of Canada, who will
be the chief speaker at the Sunday
School Conference to be held in the
United Church, Nov. 8th and 9th.

WINTER STORAGE OF POTATOES IN PITS

Good Drainage And Ventilation Are
Essential Requirements

Many people who have not storage space for their potatoes may keep them in properly constructed pits. It is essential to have good drainage, and this may be found on a ridge or slope having a loose or gravelly subsoil. The site must be well protected in order to prevent it being exposed to prevailing winds, which penetrate the soil with extreme cold during the winter. There is just as much danger from loss in this case as there is if the site is such as will warm up rapidly with a thaw, then freeze again.

Pits should be dug about 12 to 18 inches below the surface. The depth depends upon the moisture in the soil; therefore a deeper pit can be made in dry places. A convenient size for a pit is 8 by 18 feet. The tubers should be placed to a depth of from 3 to 4 feet. A layer of straw should be placed in the bottom of the pit; also a layer of straw should be placed over the potatoes to a depth of 6 to 8 inches; then as the weather grows colder soil is thrown over this to prevent freezing. This should be done gradually as winter advances. The depth of the soil covering varies with the temperature. Districts having winter temperatures as low as zero will need over a foot of soil, with a greater depth, especially at the base, as the temperature goes below this mark.

Pits demand ventilation to keep the tubers from rotting and this is done by leaving holes at intervals of 6 to 8 feet, where tufts of straw are inserted. Potatoes lose weight a great deal in storage. The loss is low at first, amounting to about 8 per cent during the first six months. After that the loss will sometimes amount to as much as five per cent per month.

It is estimated that there are 45,000 acres of rich agricultural land adjacent to the banks of the Columbia river between Windermere and Golden, which it would cost approximately \$3,000,000 to reclaim. Before the war a company was formed to carry out this project, which is again being looked into thoroughly with a view to settling up that part of East Kootenay.

FINAL REPORT ON APPLE WEEK IN VANCOUVER

Various Factors Operated Against
Complete Success of Campaign

To the President,
Associated Boards of Trade of the
Okanagan,
Vernon, B. C.

Sir,
During the visit of a delegation from the Okanagan Valley to Vancouver in the week of Sept. 25th to Sept. 30th, arrangements were made with the Wholesalers Association, speaking for the wholesale merchants of Water Street, and the Greater Vancouver Retail Grocers Association, speaking for the members of the retail trade, for the holding of an Apple Week in Vancouver from Oct. 9th to Oct. 14th.

The campaign was primarily for the purpose of selling a portion of the Valley surplus of McIntosh Red apples, and it was intended to feature the No. 1 McIntosh Red exclusively. In order that the grower might benefit as far as possible, definite price arrangements were made fixing the price of these apples from the packing house to the consumer, and for this purpose the wholesale and retail trade consented to handle these apples on a margin considerably smaller than usual in order that, while giving a profitable price to the grower, the apples might be delivered to the consumer at a reasonable cost. The price to the grower was fixed primarily at \$1.00 and that to the consumer at \$2.40, this being made up as follows:

Grower	\$ 1.00
Packing charges60
Freight to Vancouver25
Wholesalers' margin20
Retailers' margin30
Total	\$2.35

As advertising would be necessary to make the campaign a success, it was decided to make an assessment of 10c per box, of which 5c would be paid by the grower, thus making the total price to the consumer \$2.40.

An objective of 15,000 boxes during the campaign was set and that this was not reached is due to a variety of causes, some of which it is my purpose to set forth.

It is estimated that only a total of about one-quarter of this number were sold during this campaign, which were subject to the above mentioned assessment, although in addition to that there must be taken into account the fact that the retail grocers during this week undoubtedly sold a considerable amount of old stock.

At the request of your executive I went down to Vancouver to represent the Okanagan Valley on the campaign committee handling this week. This committee was under the chairmanship of Col. W. B. Forster, Manager of the B. C. Products Bureau of the Vancouver Board of Trade, and while the original arrangement was that one member of the wholesale trade should represent Water Street, there actually attended every meeting four members, Messrs. Scott, of Hayward & Scott, F. W. Welsh, of F. W. Welsh & Co., A. Littlehales, of Rainford & Co., and Fraser, of Oscar Brown Ltd.

On my arrival in Vancouver on Tuesday, Oct. 3rd, I found Mr. J. E. Reekie, of Kelowna, a member of the original delegation—still there and have to thank him for valuable assistance during the period of his stay. It very shortly became apparent to Mr. Reekie and myself that there was grave danger to the success of the campaign in a very apparent lack of co-operation among the shippers of the Okanagan and that control of the situation at that end was imperative if the Apple Week was to be a success. It was learned that, despite the fact that some members of the previous delegation were connected with various shipping firms in the valley, no steps had been taken to notify the brokers and agents of these firms to co-operate with the campaign committee, and evidence of any attempt to control shipments to prevent flooding of the market was entirely absent. A meeting was arranged with the various brokers on the street, the wholesalers and Mr. Reekie and myself, as the result of which a wire pointing out the necessity of controlling shipments and the danger of non-cooperation in the valley was sent by Mr. Reekie and myself to R. M. Winslow, Manager of the B. C. Traffic & Credit Association, W. E. Adams, President of the Kelowna Board of Trade, and yourself. Previously to this, I had myself wired you reporting that the brokers had not received instructions from their firms and asking that this matter be taken up immediately. At this meeting, in the absence of definite instructions, the brokers attending agreed to conform to the price arrangements set and, as evidence of their desire to assist this campaign, mutually agreed that should a lower price than that

set be quoted to them for No. 1 McIntosh Reds during the ensuing two weeks, it would be tabled until Monday, Oct. 16th. It will thus be seen that as far as could possibly be done at this end the interests of the grower were fully protected and he was promised a minimum price for such apples as should be sold. On the shipper alone lies the blame if this minimum was not secured to the grower.

As extensive a campaign of advertising and publicity as the funds estimated available would allow was undertaken and arrangements were made to boost McIntosh Reds on every possible occasion. Newspaper advertising and publicity, window displays, street car banners, a school children's competition and banners on delivery trucks were arranged for. Among the most effective forms of boosting was the presentation of sufficient apples to supply each member attending the various Service Club luncheons in the city during the week and the delivery of short appeals for assistance at these luncheons. For this purpose, Mr. Reekie attended and addressed a combined luncheon of the Kiwanis Club and the Retail Merchants' Association of New Westminster, and Mr. Reekie and myself also attended the Gyro Club luncheon in the same city. As a result of these appeals the merchants of New Westminster assisted very heartily in the campaign. In Vancouver, Col. Forster spoke at the Gyro Club, Mr. T. F. McDowell at the Rotary Club and the writer at the Kiwanis, Lions and 100 Per Cent Clubs and also at a meeting of the Women's Canadian Club. Apples were also presented by the writer on behalf of the growers of the Okanagan to the children of the city orphanages and were distributed by him personally.

These varied efforts should have made the Apple Week an unqualified success but the reasons for failure are not far to seek.

Lack of any spirit of co-operation among the shippers of the Okanagan Valley as a whole is the greatest of these reasons, and the following incidents and facts, which have all been verified as far as possible by the writer, prove this contention:

An initial error was made in not setting a minimum price for crates as well as for Number Ones and advantage was taken of this by at least one shipper who, while all our efforts were set towards pushing No. 1 apples, shipped into Vancouver three cars mainly of crates at a price which enabled them to be retailed at \$1.40. These, advertised as McIntosh Reds, received all the benefits of our efforts and had a large sale during the week, the net result of which was to cut down by practically the same number the sale of boxes of No. 1 while bringing nothing to the grower.

A second firm, after the agreement had been reached to sell in the valley, or rather for the wholesalers to pay \$1.60 F.O.B. Valley points, quoted and shipped down three cars of McIntosh Reds at a price of \$1.35 F.O.B. Kelowna. These cars arrived in Vancouver during Apple Week and, in addition to deliberately depriving the grower shipping through this house of 25 cents a box for his apples, made the position of those wholesalers who were loyally keeping to their agreement and buying only through the recognized brokers a difficult one.

A third instance lies in the shipping firm which, in place of holding back other varieties so as not to interfere with the success of a movement designed purely for the benefit of the grower, shipped two or three carloads of Jonathans to an outside jobber in this city. Before the end of Apple Week these Jonathans were on sale in some Vancouver stores at a retail price of \$2.25. In the opinion of every broker and of the wholesale trade this price cutting was quite unwarranted by any circumstances governing the apple market in Vancouver at the time. There was absolutely no competition from the American side and a very negligible amount of local Jonathans and from other B. C. points. The only other variety featured to any extent was McIntosh Red at \$2.40, and these Jonathans would have sold readily at this or a higher price.

The names of the firms referred to are appended and may be used if any benefit to the grower in general is likely to result.

I may say that in almost every case hints of the likelihood of these occurrences were received and a warning immediately wired by us, and I understand the firms concerned approached, so that ignorance of the effect of their actions cannot be pleaded.

In general, my observations while down here lead me to the conviction that the Vancouver market will never be a profitable one for the Okanagan without drastic changes in two directions. The first and most important of these is co-operation among the shipping firms and the second is closer attention to the needs of the market. Complaints were received from both wholesalers and brokers that shipments were made arbitrarily without any reference to the demands of the

local market, and by brokers that their recommendations as to prices or market conditions received no attention at all. There should be a good market for No. 1 apples in Vancouver but the demand for lower grades is well met by the local supply. The shipment of large quantities of crates to this market simply has the effect of bringing down prices generally and the Okanagan growers would be better served if high grades were sent here entirely, unless by advice from the brokers that there was a shortage of lower grades. The present condition is that there is a glut of low grade apples which has been emphasized by the shipment of almost straight carloads from the Valley. As a result crates are selling at 85c to 90c. There is a limit to the spread between crates and No. 1's and if the former are forced down to \$1.40 retail (the present price) the public will not pay \$2.50 or more for the higher grade. If the shipment of crates were cut out entirely, the grower as a whole would benefit in the opinion of Water Street.

Secondly, it was stated by one or two of the brokers (but I may say only by those representing some of the smaller shipping firms), that their recommendations carried no weight in price setting. Prices seemed to be set arbitrarily and without any reference to market conditions by their shippers. These prices, it may be said, were not found to be governed by the Traffic & Credit Association prices. An example of this was found in the complaint of one broker at the joint meeting that he was liable to receive instructions from his shipper to sell at less than the agreed price, this difficulty being met in this instance by an agreement to table any such reduced quotation. If this business was all done through responsible brokers or agents, this difficulty could be overcome by agreement here but the factor which makes this impossible is the fact that not only do individual growers ship direct to jobbers on consignment but both growers shipping direct and some of the smaller shipping houses deal on consignment with and through outsiders. Until the grower recognises the fatality of shipping to such markets as this on consignment and not only refrains from doing so personally but agrees to boycott the shipping firm found so doing, chaotic conditions must be expected and years such as last year will be of frequent occurrence.

In the opinion of the writer, Water Street has in the past been blamed for much that is not attributable to it. The wholesale firms have shown every desire to co-operate in giving to the grower a fair price for his product but their hands have too often been forced by the actions of irresponsible shippers seeking to gain a temporary advantage without consideration of the ultimate result to the grower. This practice of throwing the blame on to Water Street has in the past too often served to hide the real causes of the trouble. As long as independent shippers continue to consign through small and irresponsible houses on the Street, the reputable wholesaler, who is ready to co-operate in holding a steady market for his own interest, is powerless. The Vancouver market can be stamped at almost any time by a couple of carloads of apples without a check on the selling price.

In conclusion, I would like to affirm the debt we owe to the various agencies which have helped to push this Apple Week. Among these are principally the Vancouver Board of Trade and particularly Col. W. B. Forster, Manager of the B. C. Products Bureau, who has devoted the past two weeks almost entirely to this work; the wholesale fruit houses of Water Street and the retail merchants of Vancouver and New Westminster for their hearty co-operation; and various firms and individuals, notably Messrs. Henry Birks & Sons for the gift of their principal display window and T. F. McDowell, of Granville Street, and the Allen Theatre for the display of a trailer calling attention to Apple Week. Thanks are also due to the B. C. Manufacturing Co., of New Westminster, and to the Triangle Chemical Co., Ltd., of the same city, for generous contributions to the campaign fund.

There was some delay in getting the final returns fixed up, making it necessary for your representative to wait in Vancouver until Friday, October 20th, in place of returning on the Monday following the campaign week as had been expected.

In the opinion of the writer, future campaigns of this sort will only be successful if the shippers of the Okanagan and other fruit growing sections can be organized or persuaded to act in unity, if only for a short time. There is a real value in such a week as Apple Week but this should be run entirely from the fruit growers' end and real control exercised there. In any future attempt I would recommend that a minimum price for all grades be set at the shipping points and kept to strictly. It will then be necessary to attempt to control prices right through to the consumer, as the natural competition will keep this down to even a greater extent than was done in the recent campaign.

FRIDAY AND SATURDAY, NOVEMBER 3 and 4

WILLIAM FOX presents the screen's Greatest Racing Story

Thunderclap

FRIDAY AND SATURDAY, NOVEMBER 3 and 4

Here is the "big noise" in racetrack drama. The average film fan will enjoy every foot of it and will go away feeling that he has seen something worth while. There are touches of comedy and unexpected turns of plot that will set any body of spectators to laughing or cheering. Scenes that will keep you on the edge of your seat and Thunderclap's triumphant finish in the greatest horse race ever screened. And here is another LARRY SEMON Laugh Creation, "THE RENT COLLECTOR." Yes, you are beginning to realize that here is a real comedian. When you see him in "The Rent Collector," you'll forget all about the high cost of rent. Also

CAT CARTOON, "FELLY AT THE FAIR."
Saturday Matinee, 3.30, 10c and 25c. Evening, 7.30 and 9, 20c and 35c

MONDAY AND TUESDAY, NOVEMBER 6 and 7
RICHARD BARTHELMLESS Comes to Bat and Knocks
Another "Homer" in His Third Independent Production

SONNY

A mighty good story, humorous and poignant in turn, very well done and exceptionally well acted—that, in brief, is "Sonny." If you ever had the idea that our friend Dick could act you will realize now that your idea was quite correct. Playing two roles, he is convincing in both, and by his capabilities proves that he would be even so without the aid of his attractive good looks and agreeable personality. As was said before, Mr. Barthelmless has found a mighty good story in "Sonny," and he likewise has found an attractive young leading lady, Pauline Garon, who plays "Sonny's" sister.

ROUND SEVEN OF "THE LEATHER PUSHERS."
Each round brings "The Kid" nearer to the championship.
Evening, 7.30 and 9, 20c and 35c

WEDNESDAY AND THURSDAY, NOVEMBER 8 and 9
WILLIAM DESMOND in

Fightin' Mad

Western Special.
Here you are, "The Three Musketeers" in cowboy style. Bud McGraw never misses an opportunity for a fight. He feels that by joining the border police down South he will find a life worth while. He wins a place on the force by "licking" three of its members, who promptly become his best friends. See this because it is good and has plenty of "pep."

COMEDY ATTRACTION: "SAY UNCLE."
Evening, 7.30 and 9, 20c and 35c

Also some very interesting "RED SEAL" by the world's greatest artistes, BRASLAU, HEIFETZ, CHALIAPIN, JERTZA, PHILADELPHIA SYMPHONY, ETC.

You are welcome to hear any of these or any other favorite.

P. B. WILLITS & CO.
DRUGGISTS AND STATIONERS

More encouraging reports are arriving from the Cedar Creek diggings. Many good returns are now coming in. One rocker is stated to have rocked out 176 ounces in one day.

Statistics recently published at Ottawa show that in 1910 Japanese births in this province were 1 in every 252, but in 1920 1 in every 17. Figures for 1921 and 1922 are not yet given out.

ARE YOU A Casual Purchaser OR A Regular Subscriber?

It is pretty generally known that the bread-and-butter of a newspaper is its advertising patronage, and that subscription revenue does little more than pay paper and ink bills. But the two departments are interdependent. Volume of advertising depends almost entirely upon volume of bona-fide circulation, and the regular, paid-up subscriber is essential to maintain permanent volume of circulation.

The circulation of THE COURIER has increased 50 per cent within the past three years, yet a number of people do not take the paper regularly, buying copies at odd times from stores and newsboys. The weekly demand for THE COURIER is thus difficult to gauge, and to cope with it a surplus over and above the number taken by regular subscribers must be printed. Some weeks there is a waste of paper, not to mention labour, on account of unsold copies; other weeks, all copies are sold and casual buyers are disappointed and have to go without.

This irregularity of demand could be remedied largely by casual purchasers becoming permanent subscribers. It may be suggested that we should lower the subscription rate as an inducement, but it may be pointed out that newsprint paper is still 100 per cent above its pre-war price and printers' wages 50 per cent, while type, machinery and miscellaneous supplies range from 100 to 300 per cent above 1914 figures. Newspapers can not get down to a pre-war basis of subscription until their costs likewise drop to the same level.

THE COURIER keeps you in touch with all local happenings, the prospects and market prices affecting the mainstay of the district, the fruit industry, and on Thursdays you get a condensed telegraphic service of the world's chief events a whole day before the Coast papers reach here. A local weekly fills a place that outside daily papers cannot supply, and you cannot afford to miss a number of THE COURIER.

INVESTIGATORS TELL OF VISIT TO PRAIRIES

(Continued from Page 1)

ples, in quantities impossible to dispose of. The shipping of large quantities of crates was particularly condemned by the speaker, most of these crates being sold at prices far below cost of production.

In view of the situation, they telegraphed to the Valley to stop shipments for ten days, the dealers believing that in that time they would be able to dispose of some of their surplus stocks, and give the market a chance to right itself. This failed of accomplishment owing to the Vernon shippers refusing to agree to it unless 100% of the shippers in the Valley fell into line. Mr. Taylor produced copies of telegrams sent by them to the Growers' Committee and the B. C. Traffic & Credit Association. Jobbers and wholesalers they talked to all agreed that the F.O.B. prices quoted for winter varieties were quite fair and reasonable yet they were astounded to hear that at a meeting held in the Valley it had been decided to lower the F.O.B. price of quotations. This was a fatal mistake, the reduction having the effect of making buyers hold back, fearing further reductions, rather than aiding the sale of these varieties.

On their return journey, they stopped again at Calgary, planning to spend a quiet day working at their notes, but they had hardly arrived before they were met by a procession of jobbers, all with tales of price-cutting by their competitors and accounts of their own virtuous attempts to keep up the prices! A meeting was arranged similar to the one held in Edmonton, but with more success, an agreement being reached to sell at a price which will net the grower what is, by comparison, a very good return. This agreement, Mr. Taylor believed, held for some time, if not still holding good. This alone means a saving to growers of several thousands of dollars.

Mr. Taylor dealt also with the matter of "bulk" apples, windfalls and culls being sold right at the car at prices higher than No. 1s were fetching in the same town. These apples, however, could only be sold once in any town. Purchasers of these apples assured him that they would never buy that way again, the apples, owing to the rough handling, rotting quickly. These apples are not being sold this year in towns that they were sold in last year. Growers selling culls at \$8 a ton to such shippers were really cutting their own throats, these apples spoiling the sale of their 1's and 2's in those localities.

The responsibility for the consignment market was largely placed by Mr. Taylor upon the grower-shipper, who consigned direct to retailers. A case was reported of a white man having consigned his fruit to a Chinese merchant, surely getting pretty low! This Chinaman was asked by Mr. Taylor what the grower would get for these apples. The Chinaman pointed to a stack of apples. "I buy them," he said, "they my apples, I sell them first. Then I sell them consign apples. Maybe he get something—maybe no." This is the way with consigned fruit. The dealer is more concerned about selling that for which he has paid good money, the other can wait, it is not his loss. Individual shippers may think that their small shipments could not affect the market, but how one car of McIntosh put the Wealthy market flat in Edmonton was described by the speaker. This car arrived in that city far in advance of other Maes, sold quickly, and probably returned a good figure to the shipper. The housewife seeing Maes advertised as having arrived asked her dealer for Maes and on being told that they were sold out, refused to purchase Wealthy apples instead, anticipating the arrival of further shipments of McIntosh. In consequence, the sale of Wealthies practically ceased for a whole week on that market.

Speaking of the B. C. Traffic & Credit Association, Mr. Taylor stated that a list of cars shipped each week was compiled from the information supplied to the head office by the various shippers. These lists were found to show far more cars sold at F.O.B. prices and fewer consigned than was actually the case. The Growers' Committee took this matter up and it was found that during a given period three shippers alone had sent out more consigned cars than had been reported by all shippers in the organization! They admitted the accusation and went so far as to pass a resolution to be more truthful in future. (Laughter.) The shipping to unreliable brokers was referred to by the speaker. This matter, it will be noted, was dealt with in last week's market report. Shipping through small upstart concerns was condemned and growers advised to deal through old-established firms, this warning, however, would apply more to other points than to Kelowna.

Mr. Taylor then gave place to Brig-Gen. Harman, who prefaced his remarks with a brief review of the history of the Growers' Committee. In

regard to the future, he considered that the Committee should be made representative of all B. C. and should belong to some organization, he personally favouring the B.C.F.G.A. Describing their trip to prairie points, Gen. Harman stated that the conditions as they found them were appalling. The glut was general and not confined to larger centres. At the town of Lacombe, for instance, with a population of 2,100, no less than 22 cars of apples were standing upon the tracks! Such a quantity could not possibly be disposed of there.

Dealing with remedies for the situation, he advocated the holding off picking of one variety of apples until the earlier variety was cleared off. The Dominion Fruit Inspectors on the prairie especially criticised the shipment of so many varieties at once. Late summer, fall, and winter varieties all conflicting in some cases. The provision of storage facilities was also declared to be absolutely essential, in order to spread the apple season over a longer period and avoid the rush of the present short season. Also the building of large by-product plants for the production of apple rings, etc., to supply the Old Country trade. Figures were quoted showing the tremendous proportions of this trade between the U. S. and Great Britain. There was no reason why this trade should not be captured by Canada. Preferential tariff rates could be obtained on these products, they not being of a perishable nature. Referring to export markets, Gen. Harman stated that we must be prepared to sink local names and advertise our goods as coming from British Columbia. It was not fair to expect districts such as the Kootenay for instance, to have their apples go on the market labelled "Okanagan." We are not the only ones who can grow good apples. The Kootenay "Baxter" variety sells anywhere from 10 to 20 cents more than our McIntosh. The initials B. C. even were of no value, as they possessed no geographical meaning for people living beyond our borders. Gen. Harman advocated the formation of one big selling agency to handle all B. C. fruit. The ideal name for such an organization had unfortunately been adopted by a local firm. He referred to the British Columbia Growers, Ltd., he said.

Mr. Taylor then took the floor once more to answer questions that might be asked. In reply to a query, he stated that the export market was more hopeful, owing largely to the railroad strike in the U.S.A. The Canadian shippers would have the market in Great Britain to themselves until January, and B. C. Maes were now selling in New York and Boston at \$2.75 to \$3.00 a box. Shippers were now loading as many cars as were suitable for the journey to export markets, this fact together with a car shortage, which, he stated, was a great blessing, would have the effect of relieving the situation on the prairies to some extent. The shortage of cars, however, he was sorry to say, would soon be ended. In reply to an inquiry about shipments sent during winter months, Mr. Taylor stated that an arrangement had been made with the C.P.R. last year whereby by the payment of insurance the railroad assumed responsibility for fruit in transit during winter months. At times of severe blizzards embargoes had been placed, but these lasted only for a few days. Mr. Taylor advocated the placing of shippers under a bond not to ship on consignment or to sell below fixed prices, giving an example of how such a plan had been worked successfully by the brewers of this country.

Mr. Taylor was followed by Capt. C. R. Bull, who spoke briefly on the matter of unity amongst the growers, urging them to support a scheme for placing the industry upon a solid foundation which, he said, would be brought forward at a later date.

Gen. Harman spoke again for a few minutes, dealing this time with the vegetable markets. The exceptionally mild and open fall on the prairies had resulted in the harvesting of an excellent crop of potatoes and even onions there, sufficient to supply all the immediate wants in those provinces, hence the glut when B. C. vegetables piled onto the market. The storing of potatoes, was strongly advised. It might surprise growers here to know that 50 carloads of onions were grown in Southern Alberta this year. Potatoes were to be seen at Winnipeg for sale at \$9.50 per ton and at Calgary for \$10. These prices made the shipping of potatoes a losing game.

When Gen. Harman had concluded his report the chairman placed before the meeting a plan for financing the Committee. Messrs. Taylor and Harman had been to great personal expense and the growers were urged to do their part towards reimbursing them and providing a fund for future operations of the Committee. The appeal met with a generous response.

While on their trip these gentlemen undoubtedly investigated the situation very thoroughly, talking to shippers, retailers, wholesalers, jobbers and bankers and obtaining their points of view. The obvious conclusion to be drawn is that consignment and rolling of cars is the curse of the industry and the solution is—co-operative marketing and cold storage.

"CASH"

COMMENCING NOVEMBER 1st, we will conduct our business on a strictly CASH BASIS ONLY.

By adopting the Cash System we remove the great losses and expense caused by credit, and hope to give the public the advantage of this in greatly reduced prices.

LAND REGISTRY ACT Section 160

IN THE MATTER OF Lot 53, Map 1037, City of Kelowna.
Proof having been filed in my Office of the loss of Certificate of Title No. 1990F to the above-mentioned lands in the name of Annie Whelan Dean and bearing date the 30th day of August, 1913, I HEREBY GIVE NOTICE of my intention at the expiration of one calendar month from the first publication hereof to issue to the said Annie Whelan Dean a provisional Certificate of Title in lieu of such lost certificate. Any person having any information with reference to such lost Certificate of Title is requested to communicate with the undersigned.
DATED at the Land Registry Office, Kamloops, B. C., this 11th day of October, A.D. 1922.
C. OUTHETT,
Deputy Registrar.
Date of first publication, 19th October, 1922.

MACARONI AND CHEESE

There is as much variety in Paste, commonly called Macaroni Paste, as there is in apples. The latest one we have is called "Ronzoni Paniera Francese" and is something quite new. The genuine Italian Paste is, of course, the best and we have the following: Assebessi, Stelletto, Corone, Macaroni, Tubetinni, Stelle and Spaghetti, and the people who know claim that our assortment contains all the best Italian Pastes, but, if there are others you would like we can get them for you. Of course, we have Canadian Macaroni, Spaghetti and Vermicelli in packages as well as Creamettes. We also have Elbow Macaroni in bulk at 2 pounds for 25 cents. All of the above may be used in soup, with tomatoes, as a vegetable or in the good old-fashioned way, viz., MACARONI AND CHEESE.

We have a splendid variety of CHEESE; just now, for instance, we have Canadian Kraft Cheese in tins in the following varieties: Cheddar, Roquefort, Pimento, Camembert and Cream and Kraft Swiss Cheese by the pound. We always have McLaren's Cheese in jars and in Pimento and Cream Cheese in Tinfoil.

Then in Imported Cheese

English Stilton Cheese from Melton Mowbray, in one pound stone jars.

Genuine Swiss Cheese put up in Thone, Switzerland, in convenient individual portions.

Edam Cheese, made in Holland, in balls or by the piece.

Roquefort Cheese, the genuine article from France.

Then we have Canadian Cream Cheese made in the best cheese districts in America, viz., Melrose Falls and Ingersoll, Ontario.

TEACHERS ENTERTAINED BY AGRICULTURAL CLASS

High School Pupils Hold Second Annual Chicken Dinner

The second annual Chicken Dinner given by the pupils of the Agricultural Class of the High School to the teaching staff took place in the Domestic Science building last Monday evening and was a very pleasant event. The Domestic Science scholars co-operated under the capable management of Miss A. B. Juniper, so that an excellent spread, which consisted mostly of products of the pupils' own making, was provided.

Mr. A. S. Towell, of the High School staff, acted as toastmaster and also gave two very good pianoforte selections, while the toasts to the school and to agriculture were responded to by Rev. E. D. Braden and Mr. C. W. Lees, and Mr. J. E. Britton and Mr. W. Mitchell. Several excellent songs were sung and the evening was passed very pleasantly, the good feeling which exists between scholars and teachers being well demonstrated.

The committees which took charge of this affair and who worked hard to make it a success were: Second Year Class: Lloyd Cunningham, John Williams, Ada Poole, Bobell Davis; Third Year Class: Agnes Conroy, Ethel Asher, Ethel Burne, Bertha Thompson, Arthur Geen, Fred Morden.

ANNUAL MEETING OF LADIES HOSPITAL AID

(Continued from page 1)

scarfs, 44 pillow cases, 48 pad holders, 4 clothes bags, 4 radiator covers, 37 pillow ticks, 60 bandages, 18 pairs of curtains, 7 rubber sheets, 7 rubber aprons, 12 pairs bedroom slippers, 12 night shirts, 13 bed curtains, 37 screen covers, 6 binders and 4 operating suits.

The Treasurer reported that at the opening of the year the balance at the bank had been \$308.96, that the total income had been \$1,947.28 and the expenditure \$1,878.75, leaving a balance on hand of \$377.49.

Miss Reekie then took the chair and the election of officers was proceeded with. The following is the executive for the coming year: President, Mrs. J. S. Mackenzie; First Vice-President, Mrs. G. A. McKay; Second Vice-President, Mrs. J. B. Knowles; Secretary, Mrs. E. L. Cross; Treasurer, Mrs. Herald; Mrs. French, Mrs. Rowcliffe, Mrs. Willis, Mrs. Sutherland, Mrs. A. Cameron, Mrs. Duggan, Mrs. F. Hill, Mrs. Macgregor and Miss Reekie.

The members of the Aid desire to express their gratitude to all who assisted them in their work by means of donations of money, work or time.

GLENMORE

Pheasant shooting has still a few more days to run. The rain and frost have left the ground in anything but a good state for tramping. Some will probably venture, however. Don't forget your license. Our special constables are on the alert for law breakers.

The Glenmore Ladies Club held their meeting on Tuesday afternoon at the home of Mrs. J. N. Cushing and spent the time in Hospital sewing. It was hoped that at this meeting we should have a good rally, thinking the picking season would have been over. The heaviness of late varieties has caused the season to drag out, also shortage of boxes in some cases, so several members were unable to attend. The next meeting, on November 14th, will be at the home of Mrs. R. E. J. Hunt, when Mrs. Dow is expected as the speaker for the afternoon. Several business matters will come up for discussion, which all our members should take part in. Hospital sewing will be done.

Several ladies attended the annual meeting of the Kelowna Hospital Ladies Aid on Monday afternoon in town. For the last two Sundays, the Rev. J. Dow has called attention to the Harvest Thanksgiving service in the School on Sunday evening next. The special thank-offering for the past year will be taken. For the abundant crop, which has been our portion this year, we have an opportunity for showing our gratitude.

Messrs. A. Rankin, C. Tuckey and D. Whitlam spent last week on a hunting trip in the vicinity of Nahun. The two latter returned on Saturday, no success having attended their efforts as sportsmen. Mr. Rankin will probably stay until he gets something worth bringing back.

The weather man, who has been so good to us during the past months, changed about last week and began making things decidedly unpleasant for the pickers. Horses in the orchards hauling and those on the roads are having a pretty trying time of it. Tuesday night brought the climax—cars and wagons having much difficulty to negotiate the roads since, and we would advise those not obliged to be on the road to keep off for a day or so.

Tuesday evening, which the young folk had looked forward to, was about the most unpropitious that could have been expected. However, over forty managed to reach the School for the Halloween party arranged by the Glenmore Ladies Club. We felt particularly sorry for those who were barred from sharing the fun, but perchance another opportunity will come. Our school teacher, Miss P. Teague, assisted by the scholars, had given a splendid Halloween aspect to the room, and small folk and bigger ones were happy all the time. Such indigestible delicacies as dough nuts and pumpkin pie, with sandwiches, pea nuts and candies, disappeared rapidly, but no one accepted the small blue bottle prominently displayed at the close. We have not heard of any one needing it today, so we conclude that our young folk are a strong, healthy lot. Before breaking up, three cheers were given for the ladies.

One man has devoted much thought and time to ratepayers recently. Do we need to name him? Our Returning Officer, Mr. P. A. Lewis. If you are a ratepayer, qualified to have a vote, and your name is omitted from the Voters List and you have no vote on Saturday next, blame yourself only. Mr. Lewis has gone out of his way to give every one an opportunity, arranging times for them to be at his gate that they might not have to climb the hill to his house, also by arranging dates to meet people in town who found it easier. Could any one do more? Is your name on that list? If not, put it there for next year when the opportunity presents itself. Be a helper of your municipality, not a kicker if things in the future do not suit you.

The case of S. T. Elliott versus the Glenmore Irrigation District, at Vernon, is being watched with interest. As we write, the only news available is that the judge advises arbitration or it will be a very long and expensive case.

Before closing our notes for the week, we might remind all voters to register their votes on Saturday between two and five for the election of Councillors. Do you all know who the nominees are? Messrs. C. E. Atkin, R. L. Dalglish, G. C. Hume, R. E. J. Hunt, W. J. Rankin and G. M. Stanley.

Mr. A. R. Drysdale has been elected Reeve by acclamation.

We understand that over fifty are on the Voters List.

Friends in Glenmore will be interested to know that Mrs. C. F. Rush, formerly of Glenmore, became the bride of Mr. Edwin Glen Nicholls, of Halifax, Nova Scotia, on Oct. 7th.

GROWERS' REPRESENTATIVES SPEAK AT GLENMORE

Elimination Of Some Of Smaller Packing Firms Suggested

General Harman and Mr. L. E. Taylor were the principal speakers at a meeting held at Glenmore last evening. Mr. R. Conner and about thirty-five fruit growers were present. Both speakers gave a similar description of their experiences in the Prairie Provinces, when there investigating matters connected with the fruit industry, as they had given at other points, and they received a very attentive hearing.

At the conclusion of the meeting arrangements were made for contributing towards payment of a portion of the expenses of the Growers' Committee.

The scheme for the amelioration of existing conditions in the Okanagan meeting, would include the elimination of some of the smaller packing houses in the valley, there being thirty-eight at present, and reducing the number to about ten.

Before the meeting dispersed a very hearty vote of thanks was given to General Harman and Mr. Taylor for their efforts in behalf of the fruit growers.

BIG CROWD AT COSTUME PARTY

(Continued from Page 1)

Mr. Brook's five piece orchestra, which discoursed excellent dance music, suitable for both children and grown-ups, as occasion demanded, also to Mr. Loane and Mr. G. S. McKenzie, who gave the ladies valuable assistance.

It is pleasing to be able to report that the sum of approximately \$240 was realized as the result of this pleasant Halloween gathering, the management having been such as to render the expenses in connection with it very small. This sum will be available for improvements to the Scouts' Hall.
